

# ALDERMEN MAKE INSPECTION TRIP TO MANCHESTER

Driscoll, Smith and Kinney inspecting the new water works at Manchester, N. L. Macdonald, representing the Manchester Industrial Society, W. J. Webster, representing the Webster Woodmill Mills, and W. G. Condon, representing the Edmonton Leather and Shoe Factory, James Gallagher was also in attendance.

The members of the public works committee looked carefully into the layout of the industries that have already been located at Manchester. They were shown the tanning section of the shoe pack factory where there is provision made for a large force of men as soon as water can be obtained. Only a few men are at present at work in the shoe pack factory where there is also equipment for a much larger force.

Mr. Webster showed the members of the committee his three-story building across the street from the other factory. This industry has never been opened. However, all the machinery is in the building and the owner is waiting for the facilities when he is ready to set the machinery in motion.

The public works committee will again consider the matter of the extension of the water system to serve these industries and bring in a final report to council next Tuesday evening or at an earlier date if the council be in session.

Several new industries employing many hands will locate in Manchester if needed facilities are provided.

# SAYS EXCELLENT GRADE PROCURED INTO GROUND

Feels Confident Railway Company Will Be Compelled to Build Into Town.

BRIDGE ACROSS NARROWS COMPLETED EARLY SPRING Will Prove Bound to All Settlers Around That Country.

Peter Tomkins, formerly dominant land agent at Ground, and who was given two days' notice by wire to vacate that position after 33 years service, is at the hotel here. He has a considerable knowledge of the whole north country and is always glad to tell it to people seeking information.

Mr. Tomkins says that the people of Ground are very hopeful of what the year 1914 will bring forth. H. W. Jones, surveyor of Edmonton, is now at Ground with a party running a line into the town as proposed by the railway commission in settlement of the case between the town and the E. D. & B. C. railway. Mr. Tomkins says that they have every reason to believe that they will get an even better grade into Ground than they now have past it, as that as soon as the route is submitted to the powers that be an order will be issued compelling the railway to build into the town.

Business is Rushing.

As an example of the development now going on at Ground, left the city yesterday with three carloads of merchandise. Via the E. D. & B. C. railway. There are 20 teams waiting for loads at Mirror Landing, and the shipment is worth between \$10,000 and \$15,000.

The bonds for the C.N.R. line from Athabasca to Ground have been sold. Understand, said Mr. Tomkins today, "I believe the road will be started soon. It is a matter of time before the road and the policy of the C.N.R. is to get in ahead of competitors.

There will be ample provisions made for the handling of the large number of settlers expected in this year. The E. D. & B. C. will be running a line to the north end of the line, and this summer the Northern Transportation company alone will have a fleet of boats between Slave River and Ground. Then there are the Hudson's Bay company, and quite a number of private boats, gasoline launches and others.

Bridge Soon Completed.

The bridge across the narrows at Ground which the provincial government is building will be completed this spring and will supply a long felt want of a direct route from High Prairie and other districts to come to Ground direct. We look this year for the greatest influx of settlers yet, judging from the number of other parts of the dominion, the United States and the old country.

# LATE NEWS BULLETIN

Winnipeg, Feb. 11.—Wheat is beginning to take on a very strong position and many of the traders begin to think that the wheat market will be future. Notwithstanding the record production of last year the increasing demand for wheat in the near future. Russia is the unknown quantity and reports of what that country has yet for export are trustworthy. Cattle are moving more freely in sympathy with wheat.

Toronto, Ont., Feb. 11.—Cut off from the front stairs by a solid mass of flames and clouds of suffocating smoke, Mr. and Mrs. A. T. Reid, their son and their two daughters together with two maids and a nurse were forced to leave the burning residence at 20 St. Clair Drive Toronto. Scarcely clad and with the mercury below zero by five holders early this morning. Loss \$25,000.

Highland Light, Mass., Feb. 11.—An unidentified four-masted schooner was driven ashore south of Cape Cod Light during a storm. The schooner was driven ashore and the life savers from the Palmier river and Highland Stations set up their launch gun apparatus in the hope of rescuing the vessel's crew in the breeches buoy.

Toronto, Ont., Feb. 11.—26 below is what the thermometer showed at London, a suburb of Toronto early this morning. In the city proper the mercury went all the way from six to 26 below and the observatory announced no relief for another day at least. Police report several cases of frost bites and police stations crowded with vagrants seeking shelter from the cold.

Liverpool, Feb. 11.—(Broadsheet) Steady American cables and fancies in Liverpool caused some to cover at the opening. Later a further advance on confirmed reports of reduced Argentine supplies.

Havana, Cuba, Feb. 11.—A strong quake felt at 2 o'clock this morning at Santiago de Cuba, caused great excitement among the people. Report of damage not received yet.

Montreal, Que., Feb. 11.—There was little doing in the local market today. The market for wheat was small. Laurendeau was the strong feature of the market, continuing its recent rise.

London, Feb. 11.—In a first division postponed game played today Bolton Wanderers and Chelsea drew, on the former's ground, each scoring one goal.

Glasgow, Feb. 11.—On their home ground the Hibernians today defeated Morton in a replayed cup tie, by the score of two goals to one.

Chicago, Feb. 11.—Fear of cold weather damage to the winter crop in the Southwest gave firmness today to the price of wheat.

Glasgow, Feb. 11.—Watson and Batchelor, cattle importers, report short supplies with the trade more active at firmer quotations.

# CABINET CHANGES ARE FORESHADOWED BY LONDON PAPERS

London, Feb. 11.—Several changes in the cabinet are foreshadowed both by the Chronicle and the Daily Mail. It is said that the Right Hon. John Balfour is to be transferred to the board of trade in succession to Lord Horder. Mr. Balfour, who has been chosen, though it has not been officially announced, for the governorship of South Africa.

High Hon. Herbert Samuel will retire from the office to succeed Mr. Balfour at the local government board department which is increasing in importance year by year. Mr. Samuel will be succeeded by Right Hon. Chas. Hobhouse, chancellor of the Duchy of Lancaster. It is uncertain whether Mr. Mortimer will be appointed to the office.

# BACHELOR REGIME COMING TO END AT DESIRE OF KAISER

Berlin, Feb. 11.—Owing to it is reported to the desire of the Kaiser to end the bachelor regime which has prevailed in the foreign office for many years, Foreign Secretary Von Jagow today took political steps to surprise by announcing his engagement to Countess Zoë von Saldern, an old friend of his, who is 31 years old, has long ranked like his predecessor, Von Kiderling-Waechter, as a confirmed bachelor.

The Kaiser of the secretary is ten years his junior. She belongs to an old Hessian family enjoying semi-royal rank.

Hundred Dollars Heart Balm.

Toronto, Feb. 11.—Miss Maria Fisher was awarded \$100 damages at a court yesterday against Henry Jones, a farmer, who she sued for \$10,000. She alleged that he had induced her to leave her husband and to marry him and live with him for one year, pretending that his former wife was dead, which was untrue. Jones was tried on a charge of bigamy at Whitby some time ago, but was acquitted. He had not been heard from since, as he had not been heard from since his first wife for seven years.

This photograph of Eileen Vivian was taken recently at the residence of Decies, the first daughter of Lord and her grandmother, Mrs. George J. Lady Decies, the former Vivian Gould, in Fifth Avenue, New York.

# Commissioners Retrench by Disposing of Services of Traffic Superintendent Heddon

In keeping with the policy of retrenchment, the elimination of any excess operation of street cars on the street down all possible overhead charges, the street railway superintendent, W. T. Woodroffe, has dispensed with the services of Traffic Superintendent Heddon.

Mr. Heddon was brought to Edmonton last summer to handle the traffic end of the business owing to the fact that Mr. Woodroffe was called upon to devote much of his time to construction work. There will be no construction work this summer to speak of, hence Mr. Woodroffe will be able to give personally all his attention to the traffic, so that Mr. Heddon is not necessarily required.

# WANT LABOR MEN TO ADOPT SYSTEM SICK INSURANCE

An arrangement something after the order of the Lloyd George medical bill, attached to the old age pension, is being suggested in Edmonton. Overtures are being made primarily by medical men in the Edmonton situation, despite the fact that their professional brethren across the pond raised much strenuous objection to the innovation in England. It is proposed that the medical association of this city and organized labor come together in an arrangement whereby the union men of the city would pay a stipulated fee monthly and in return receive medical attendance for themselves and family. In short it is proposed to bring about protection against sickness something after the order of hospital associations. However, there would be no excess profit to anybody, and no dividends to shareholders in any company. The union men would be privileged to call upon their physician or any physician in the city belonging to the medical society at any time. The physicians would charge a minimum fee for this service.

Surplus money might be used in hospital accommodation and attendance in the hospital. For their percentage of treatment could, or would, be provided as a matter of detail to be developed. The physicians of the city would pay professional visits for less money than that received at the present time, but they would be money in pocket at the end of the year. For their percentage of treatment could, or would, be reduced materially. There are some 2,000 union men in the city, many of them with families. The practice among these men is a great big thing to the medical profession. All this business would be placed on a basis of payment at the end of the month, or as soon as the bill is checked over.

Largest Organization Here.

"We are taking up this matter with the Trades and Labor people" said a prominent medical man of the city this morning, "because that is the largest organization of the city and about the only one at the present time of sufficient proportion to warrant this co-operation. And these men, also, have a keener grasp of such questions affecting a large portion of the society than do many individual in professional or commercial walks of life."

When asked if there would be any possibility of the system being extended to the physician said that one step at a time should be quite sufficient to think about. Extension would be a matter for the future to decide.

# Mutiny Breaks Out in Army Formed by Sylvia Pankhurst

London, Feb. 11.—Mutiny broke out today in the so-called "People's Army" formed from the lowest classes of the East End of London by Miss Sylvia Pankhurst after her secession from the Women's Social and Political Union. Some of the men started smoking pungent shag tobacco in clay pipes at a meeting of the army today. When told to desist the men retorted: "If we are not allowed to smoke we will not come here again," and quit the meeting.

# Five are Drowned as Result of Burning of River Packet

New Orleans, Feb. 11.—Five persons were drowned when the Mississippi packet Gen was destroyed by fire last night opposite Hahnville, 40 miles from New Orleans.

The dead include, E. J. Comeaux, 20 years old, son of Captain R. J. Comeaux, and clerk of the boat, and W. E. Barrie, river pilot. The other persons drowned were a negro woman passenger, personally all his at the boat and a negro member of the crew.

Captain Comeaux of the Gen, was badly burned.

# APPEAL FOR BABIES MADE TO MOTHERS AND TO THE CLUBS

Infant Mortality is a Subject Now Challenging Attention of World.

HUNDREDS OF THOUSANDS LOST THROUGH NEGLECT Result of Failure to Use Methods of Sanitation Known to be Available.

Washington, Feb. 11.—An appeal to American mothers, to women's clubs and all interested in the national social welfare, was made today by Miss Julia Lathrop, chief of the Federal Child Welfare Bureau, in her first annual report to Secretary Wilson, of the last department.

"Infant mortality is a subject now challenging the attention of the whole civilized world," said Miss Lathrop. "Estimates obtained by the government statistics, based upon census reports show that last year the actual loss was about 200,000 babies, under one year old. Of these at least half would have been living had we used these measures of hygiene and sanitation, which are known to be available. This vast loss of infant life is due solely to individual and civic negligence."

Miss Lathrop said that she had been informed "that the state in America is at present making adequate preparation for exceptional and needy children."

# MRS. KRAFCHENKO NOT PERMITTED TO SPEAK IN HER OWN TONGUE

Winnipeg, Feb. 11.—Declaring that her faith is still strong in her husband, the wife of John Krafchenko came to Winnipeg yesterday from Graham, Ont.

She brought her one-year-old baby with her.

The woman was not allowed to enter the cell, but was permitted to talk to him in English for 10 minutes through the small aperture in the steel door.

The woman can talk scarcely any English and she was not allowed to speak in her own tongue.

# RUMORED CARPENTER OFFERED POSITION AS POLICE COMMISSIONER

Rumors were rife around the city this afternoon that Silas H. Carpenter, chief of police has been offered the position of police commissioner for Western Canada. It was impossible to get Mr. Carpenter on the telephone. Mrs. Carpenter states that she has heard of the rumor, and will not deny that it is a fact.

# TENEMENT BLAZE DRIVES HUNDREDS TO SNOW IN STREET

New York, Feb. 11.—Six hundred men, women and children, one hundred and fifty families, were driven to the street in the snow by a fire which wrecked a five-story tenement house in East 34th street today. The building is in the heart of "Concordia" and Sunday school by tenement, all of which were emptied. The loss is about \$100,000.

# SCOPE OF INQUIRY NOT CONFINED TO ONE-MAN'S RESPONSIBILITY

Philadelphia, Feb. 11.—When the trial of Osmyr Berry, captain of the Marconi and Marconi, was charged with neglect in the collision with the Old Dominion liner Monroe, on Jan. 20, began before the United States local inspectors office, steam vessels, it was announced that the scope of the inquiry into that disaster will not be limited to the responsibility of the Nantacete commander.

# WIRE TELEPHONE A SUCCESS.

London, Feb. 11.—The results of Marconi's wireless telephony experiments are sufficiently encouraging, says the Times, to warrant the belief that commercial installations will be on board ships and Mr. Marconi hopes that some of these may be working within the next month.

# CLAIMS PEOPLE FAVOR UNEQUALLED FAVORITISM

Education as to Administration Has Removed Practically All Opposition.

# RATE LEVIED ON INCREASE DURING HOLDING OF LOTS

Those Wishing to Certify Property Value Should Do So Immediately.

"We are finding no difficulty in administering the unearned increment act passed at the last session of the legislature, most of the objections that it really is," said F. H. Somerville, assistant deputy registrar and inspector of transfers at the land office today. "About 100 transfers are going through this office daily, indicating that many people are completing payments on property bought during the past two or three years. Of course this includes the north country as well as the city."

Asked if there was any difference in the attitude of the people toward the unearned increment act, formerly, Mr. Somerville stated that they were more in favor of it. Those who complained about it were doing so without knowledge and were mostly the big land owners.

Only Five Per Cent.

The tax, Mr. Somerville explained, is only five per cent of the increase in value, that is, if a man makes \$100 profit a year he pays \$5 to the province. The tax is on the increase in value between the time the man buys and when he sells. The first value is determined by the land act and is inside the corporate limits of cities, towns and villages it is the assessed value in 1913. Lands outside cities, towns and villages which are not bona fide agricultural lands are valued at \$15 to start, but if an owner believes that it is an under estimate he is given until October 25, 1914, or one year after the passage of the act, to certify a value. Farm lands are exempt up to \$500 a year and up to \$400 acres, but the 400 acres exempt must be the last 400 acres owned.

Registration Cost Increases.

Those who wish to certify as to the value of any land, they may do so by filing a statement with the registrar, which is not bona fide farm land, should do so as soon as possible, as there will probably be an enormous rush on October 25 next and a few days before. (That) When the act was passed the section relating to the increase in value of the registration of plans did not come into force till December 31, with the result that the land office received upwards of \$15,000 for registrations by those who wished to register the land prior to Mr. Somerville states that it will take till next May to catch up with these plan registrations, and a similar rush is expected on October 25th next, in connection with certification of values.

# SLIDES FOR GIRLS AND THE BOYS OF CITY NEARLY DONE

Two Will Be at Ross and Syndicate and Two at Kinsington and Boyle.

WILL BE READY FOR USE BY SATURDAY AFTERNOON

If They Prove a Success By Being Patronized More Will Be Erected

A. G. Harrison, commissioner of parks and markets, will erect at once slides for the use of children; two on the old car barn site at Ross and Syndicate, and two on the old hospital grounds, Kinsland and Boyle. These slides will be separated, one for the use of girls, and one for the use of boys. They can be used by Saturday afternoon.

Commissioner Harrison trusts that the erection of these slides will give small children in those portions of the city a great deal of pleasure, and that parents will be glad to see their children no longer have to play on the streets, or slide down the public roadways, but are safe in the city parks and from danger of being run over.

If these slides prove a success, and are well patronized, like slides will be erected in other parts of the city.

Next year there will be erected one or more bogan games for the use of the general public and grown-ups.

# SEVEN HUNDRED ARE PRESENT AT GRAIN GROWERS' CONVENTION

Moore Jaw, Feb. 11.—Gronsted described the condition of the large hall at the University of Saskatchewan, where the annual convention of the Saskatchewan Grain Growers Association was held today.

Seventeen hundred delegates from all over the province were present, and the delegates came numbering fully 700 at the opening session. Mayor Pascoe played the national anthem and it was so far as lay in his power at the disposal of the visitors.

There were four bills of fare in the room in Royal hall, and it was well as well as the delegates.

# OFFERS SYSTEM WHEREBY ULSTER CAN PRACTICE VETO

The allocation of boundaries of constituencies will be left to a committee of seven members, four on the government side and three on the opposition. The bill will come up for second reading at an early date and after that the committee will get down to work.

# CANADIAN PACIFIC AND COME STATES RAILWAYS BLAMED

Senator O'Gorman Says They  
Are Back of Protest About  
Panama Tolls.

## AIM TO MAINTAIN GRIP OCEAN TO OCEAN TRADE

Believes Next Step Would Be  
to Repeal Provision as to  
Railroad Ships.

Washington, Feb. 11.—In the face of President Wilson's insistence that, in order to meet the objection of Great Britain, the toll exemption clause of the Panama canal act be repealed, Senator O'Gorman of New York, who helped to put the toll exemption plank in the Baltimore platform, announced that most of the agitation for repeal may be traced to the Canadian Pacific railway, and the Transcontinental railway of the United States.

The railroads, he believes, want to maintain their grip on the ocean to ocean trade and prevent cheaper rates that would be forced on them by American coastwise shipping which, through the canal free of tolls, to which Great Britain objects.

In making this positive assertion, Senator O'Gorman takes direct issue with President Wilson.

If the United States should yield its position on tolls, Senator O'Gorman believes it would not lead to a demand from Great Britain in the interest of the Canadian Pacific railway that the provision in the Panama canal act making it illegal for foreign ships to stop to pass through the canal be repealed.

# FEAR OF CANADIAN MISUNDERSTANDING TOLLS WAR OFFICE

Now Anxious for Settlement of  
Trouble Over Rifle Shooting  
Sights.

## COLONEL HUGHES USES VERY PLAIN LANGUAGE

Says Dominion Representa-  
tives Are Not to Be Count-  
ed Pot Hunters.

London, Feb. 11.—It is understood that the cable to Colonel Hunt, Sam Hughes, outlining the views of the British army council in regard to the trouble over the aperture sights regulation for the rifle rifle meet, was answered by the Canadian minister of militia yesterday in very plain language.

The tenor of Col. Hunt's message is said, is that there will be no surrender of the Canadian position with the addition of a blunt statement to the effect that Canadians are not pot hunters, they shoot for the king's prize.

There is reason to believe that the stand taken by the Canadian minister has convinced the war office that the situation is one which might result in a complete misunderstanding of the position in which Canada is concerned, and there seems to be a sincere desire here to reach a settlement.

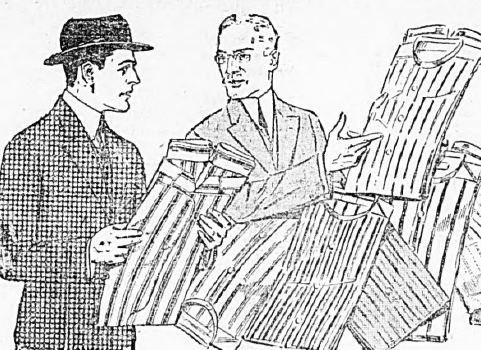

# Drug Clerk Tells How To Cure Indigestion

Recommends to Sufferers the Best  
Stomach Remedy in Edmonton  
Today.

"It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "While all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just pep pills which digest the food that is in the stomach at the time. They have no curative or strengthening effect on the stomach at all, and of course do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary bismuth magnesia, which doesn't digest the food at all, but just acts as an antacid and sweetens the sour, fermenting contents of the stomach. That stops the pain, heartburn, sour rising, wind, bloating, flatulence, etc. In a few minutes, and the stomach without its food is ready for help or trouble, which is the proper way."

"Doctors make mistakes sometimes," he continued. "My own mind has all kinds of trouble with her stomach for years. She bought and used several of these stomach pills but got no more right along, as naturally she would. Finally she went to a doctor, who nearly killed her by telling her she should eat butter with her food. She came to me with his prescription and told me what he said. I thought it was nonsense, but I sent her to another doctor whom I knew very well and he didn't tell her anything but just gave her the same thing. I told her to stop it. She took it two weeks and never has had any stomach trouble since and that's three years ago. She's my own aunt and know this for a fact. Yes, a lot of bismuth magnesia is sold in Edmonton. All the druggists have it right there, and all you take is a teaspoonful after every meal. It's all right."

## ANOTHER "BAY" SALE OF MEN'S SHIRTS

Regular Value \$1.00 up to \$1.75 ..... **65c**

Splendid garments. You'll want at least half-a-dozen at this price, and even then you'll regret that you did not take more. This is undoubtedly the greatest shirt sale that has ever been put on in the west. For selling Thursday we have in regular values \$1.00, \$1.25, \$1.50 and \$1.75. The style and patterns are new—there being a splendid selection including dressy pin stripe on assorted blue and black and a host of fancy figured designs. Full and large well made shirts in coat style with laundered cuffs. See Jasper Ave. windows. Selling Thursday.....

# OFFICERS ELECTED AT ANNUAL MEETING OF LOCAL ORANGEMEN

At the annual meeting of the Local Orange County Lodge held last Tuesday evening in the North Edmonton Orange Hall, the following officers and members of the lodges in the county of Edmonton were present: G. T. Montgomery, R.W.G.S.; Fort Saskatchewan: J. J. Libbey, C.H.S.; F. G. Stuckey, county D. C.; W. A. Anderson, county treasurer, also of Fort Saskatchewan; W. B. Main, county P. S.; Chipman; Rev. W. J. Connel, R.W.D. G. chaplain; Clover Bar; Thos. E. S. Spencer, W.M.; Wetaskiwin; S. Bready, R. S. Ardrossan; and W. Graydon, R.W.D.G.S.; S. Murphy, R.W.D.G.S.; R. E. Colburn, P.C.M.; W. S. Hines, P.D.M.; A. Armistead, P.S.; J. J. Hoey, W.M.; Austin G. McKirrick, P.S.; S. Irvin, W.M.; R. Reid, D. M.; T. W. Brown, P.M.; W. H. Wainwright, P.M.; W. H. Leitch, Edmonton, deputy chaplain; S. Main, Edmonton, recording secretary; (Thos. E. Spencer, Wetaskiwin, financial secretary; W. A. Anderson, Fort Saskatchewan, treasurer; Alex. D. Truesler, Edmonton, first lecturer; Wm. Edgar, second lecturer; F. G. Stuckey, Fort Saskatchewan, director of ceremonies.

Laid to Rest.

Monday afternoon the funeral of Wallace G. Rose was held from the residence of his brother-in-law, E. R. Cogwell, 794 Second Avenue N.W., to Mount Pleasant cemetery. Deceased was 25 years of age and died on Saturday. The funeral services were conducted by Rev. Dr. McQueen.

# VEGREVILLE SEED FAIR PROVED MOST SUCCESSFUL YIELD

It was pronounced by all present that this year's Vegreville Seed Fair was the most successful that has ever been held, both from the stand point of the interest shown by the number of entries, and especially by the improved quality of the exhibits, which totalled 44 samples of first-class grain and potatoes.

After the judging the institute meeting, mostly farmers from the district. In a few remarks Mr. Clement congratulated the exhibition on the quality of the grain shown and the number of exhibits. He said he had never seen grain of an equal quality at any seed fair.

D. W. Warner of Edmonton said that although they had hurried through all they could, they had had a very hot time. He did not claim to be infallible but as judges they had done the best they could. A complaint had been lodged that the first prize had been awarded to him, but he was returning to Edmonton in the year 1908, and shortly after they arrived they parted. The father went to Vancouver, and later wrote that he was returning to Edmonton, where his home is supposed to be. The name of the father is Alston Cuyler and the mother's name is Laura Cuyler. The daughter is very anxious about her parents, as she has not heard from them for some time.

# Was Confined to His Bed For Four Months With Rheumatism.

Mr. W. H. Riley, Russell, Sask., writes: "I am writing you out of pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I have been afflicted with this disease, I was unable to get up from my bed for four months, and nothing seemed to do me any good. After taking Doan's Kidney Pills I had my doubts about them, but was so desperate I would try anything suggested to me. After taking a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now. I am strong and active since taking your valuable medicine."

Doan's Kidney Pills help the kidneys to flush out the system. They are sold in the municipal and city health departments which have collected, and thus clean out the kidneys, and dispel the rheumatism.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Or ordering direct specify "Doan's"

# OLDEST "Soldier" to Lecture.

"Dab" Stacy, the oldest "Soldier" in the east, will lecture in the Salvation Army hall, south side, tomorrow night at eight o'clock. The admission is free, and it is hoped that there will be a very large attendance, as "Dab's" reputation as a lecturer is well known all over the country.

# GIRLS COMMITTED ON THREE CHARGES OF SHOPLIFTING

Jessie Pawlik and Lily Sklar, two of the Ruthenian girls who were recently arrested on a charge of theft, were committed to the Edmonton House of Correction for three charges of theft from local department stores.

The police believe that in these girls they had found up an organized gang of shop-lifters who have been busy in the large stores for some time. When the girls were arrested, they were found with a number of goods which have not yet been identified but thought to have been stolen.

The girls stated they purchased all the goods, and pleaded not guilty.

Should be Interesting.

An interesting debate will be given in the Y.M.C.A. tonight at 8 o'clock, the subject being "Resolved that the traffic of all express companies in this country should be taken over by the Canadian government and operated as a national enterprise."

### KNOCKING OVER THE 10 PINS AT OLYMPIC ALLEYS

Olympics Took Two From  
Capitals in Closest Games  
Seen Here.

Exceptionally close scores were in order at last night's games at the Olympic alleys and although the Olympic team of two, the very narrow margin of one pin in one game and nine pins in another gave to show how exciting and close the contests were. The Capitals took the first game by 29 pins.

The only two players to get over the 200 mark were Gardner with 214 in his second game and Maiken, 215 in his last game.

Morris was high scorer with 245 and Hudson close with 240. The other scores were: Mullin 229; Blooin 227 and Williscroft 221. Last night's result the Olympics still remain tied with the Albertas for first place. The scores follow:

Mohr	145	177	168	490
Hudson	191	196	166	553
Crabbs	129	178	166	473
Williscroft	179	188	164	531
Blooin	198	149	188	535
Totals	862	855	821	2538

Olympics won two.

Albertas	W. L. Tot.
Olympics	4 4 67
Capitals	7 5 183
Athabasca	6 6 598
Wanderers	2 7 285
Athletics	2 7 285

### ICE NUMBERS. Royal 1 to 6. Capital City 7 to 12. Highlands 13 to 19. Bonspiel Phone Numbers. Capital City 16-1632. Royal 16-1632. Strathcona 16-1632. Highlands 16-1632. Headquarters—1256, 1297.

### WINNIPEG'S SPIEL GOT A GOOD START

Held Reception at Royal Alexandra—Over 200 Rinks Entered.

Winnipeg, Feb. 11.—The eve of Winnipeg's 26th bonspiel finds a record entry list for the annual gathering of the devotees of the roarin game, over 200 rinks being on the list. Last night the game was made for the rink wall and McLaren and the rinks matched for the first contest before an auspicious opening.

It is noteworthy that over half the rinks are from outside points, the majority being from Manitoba points, with a sprinkling from Saskatchewan, Alberta, British Columbia and from Ontario.

Last evening an informal reception was tendered the visitors at the Royal Alexandra, president Rochem, with Mayor Deacon, ex-Mayor Waugh and J. L. Gordon, the curlers champion, extended the fraternal civic and church welcome, and were answered on behalf of the outside rinks by W. Goodale Butte, vice-president, Jack McLeod, Regina, and W. K. Cameron, of St. Thomas, Ont.

The gathering was made the occasion of the presentation of two life memberships, the highest honor in the organization, one to Alex. Brown of Winnipeg, and one to Wm. Sparling, of Minneapolis. Man. Today at 9 o'clock the first rink will bowl down each of the 14 sheets of ice, and 54 rinks will open the 1916 bonspiel.

### ESKIMOS TO MEET DOMINIONS TONIGHT

Second Game Brackman-Ker Series Should Be Best Game Yet.

There is no doubt but that the curling bonspiel is the chief sporting attraction in the city this week, but just as a reminder, we state that there is also an important hockey match on tonight, in fact it is one of the most important of the entire season, as the result will determine whether or not the Dominions are to have another chance at the Brackman-Ker Cup after tonight. If the Eskimos win tonight, and there are a great many who are quite willing to bet that they will, they will have taken the game out of three in the series and will have possession of the cup. If the green and white can reverse last week's result and come through with a win, they will then be entitled to the third game as a final decision.

Looking at it from last week's performance, the Eskimos appear to be the better team and should win tonight if they can produce another such exhibition. They had it all over the Dominions last week, but the green and white may be counted on to put up a very strenuous argument against their husky opponents tonight on the big arena ice. With them it is a case of do or die, while on the other hand the Eskimos are very anxious to show the fans that their victory last week was no fluke, and Deacon White wishes to particularly emphasize the fact that there is nothing "fixed" about tonight's game, and states he was never more anxious in his life to see his Eskimos win.

The game will be called at the usual hour 8:30 and the four-minute cars will be running from First street. With the present mild weather the attendance tonight should be one of the largest of the year. The teams will line up as follows:

Dominions ..... goal ..... Reid  
Sutherland ..... point ..... Mulrhead  
Stansley ..... cover ..... Dunlop  
McGovern ..... rover ..... Lynn  
Lloyd Cook ..... center ..... J. Sutherland  
Dain ..... left ..... N. Sutherland  
Hammert ..... right ..... Des  
Referee—W. Forbes, Calgary.  
Judge of Play—Sport Smith, Calgary.

### Yesterday's Curling Results

### JOHNNY EVERS NOT CHICAGO CUBS MGR.

Henry O'Day to Succeed Him  
—May Join Federal Ranks.

Chicago, Feb. 11.—Johnny Evers will not be released from the club so far as is known, but his friends here are divided on the question of whether or not he will continue to play ball with the Cubs. It is possible that Mr. Murphy is arranging some trade involving the Cubs and the Red Sox. With this came the statement from one who travelled with the Cubs last summer that Evers would be willing to join the Federal league, should it offer sufficient inducements.

### SPORTOGRAPHY

Coulton, 25 Today, is the Veteran Among Champions.

Johnny Coulton, the heavyweight champion of the world, will pass his twenty-fifth milestone tomorrow, having been born in Chicago on February 12, 1889. Although scarcely more than a boy in years, Johnny is a veteran of the ring, and is often referred to as "Old Johnny Coulton." He has held his title longer than any other of the present crop of world's champions. He was "way back in 1907 that Johnny became the recognized king of his division, which had been without a champion since 1905, when Frankie Noll graduated into the featherweight class. Of late several promising contenders for the title have come to the front, including Kid Williams of Baltimore and Eddie Campbell of San Francisco, and it is likely that Coulton will soon have to defend his honors against one or the other of them. It is a well-known fact that Coulton is of Irish-French descent. Kid Williams is a Dane, and a native of Copenhagen. In 1912 Coulton fought a no-decision bout in New York, and in the opinion of most experts, Williams has the best of the fight.

Different boxers have various methods of keeping in condition, but while Ritchie plays golf, Jim Jeffries boxed, John L. Sullivan cultivated a thirst. Clabby played tennis. Jack Kilrain chopped trees, and inside his opponent's head he had been a great athlete in his day. Johnny has always declared that his hardest fight was a twenty-round affair with Jimmie George, with the father of the two kids as referee. George was older and heavier, and a good boxer, but Johnny put up such a scrap that his dad decided that his offspring had the makings of a great professional pugilist. And Johnny's dad was right, as all fans who have seen Coulton in action will cheerfully admit.

### EXPERTS DIFFER ON RITCHIE'S BEST BLOW

It is a Cross Between Straight Right and a Right Cross.

Ritchie's famous right cross, which has felled all his foes, is not really a right cross.

"I suppose it is for the sake of convenience that all the sporting reporters describe Ritchie's knockout punch as a right cross," says an expert, "but as a matter of fact it isn't anything like a right cross."

"It is a straight right that goes up and inside his opponent's head, instead of outside, as a right cross does."

"I saw him practicing it many times while he was training for Joe Rivers, and I know exactly how he delivers it. It is the best straight right I have ever seen, and it makes you a little nervous about the process."

Regina Trims Rouleau.

Regina, Feb. 11.—In a miserable game of hockey the Victorias defeated Rouleau last evening by the score of 11 to 4 in a scheduled fixture of the Southern Saskatchewan league. The Victorias played only three of their regular team, while the league leaders were minus the services of Hammond. Both teams played loosely and in the second half the contest devolved into a joke. The smallest crowd of the year saw the game.

Good Old Orilla.

Orilla, Feb. 11.—Orilla got a five-goal lead over Peterboro here last night in a second round O.H.A. intermediate game, the home team winning 5 to 2.

Celtic Defeated Clyde.

Glasgow, Scotland, Feb. 11.—A replay Scottish cup game played today at Celtic's ground, Celtic defeated Clyde by the score of two goals to nil.

Returning to North.

Moose House, R. Farrell and Ed Oliver, who came to the city from Gravelton some time ago with a big batch of live foxes and furs, left in the afternoon on the return trip to the north this morning, and expect to make Athabasca by tonight. While in the city they disposed of their foxes for \$2,500, and their furs for \$15,000.

### CURLING DRAWS

TODAY IN PUGILISTIC ANNALS

1911—Cyclone Johnny Thompson defeated Billy Papke in 22 rounds at Sydney. Both the "Sycamore Cyclone" and the "Blonde Thunderbolt" were born in Illinois, and this fact gave added interest to the battle pulled off in distant Australia. The bout was advertised as for the midweight championship of the world, but there was no basis for such a claim, as both Americans had previously been defeated by Dave Smith, the Australian. Papke was fat and slow as a freight train, while Thompson was in excellent condition, and led the fighting all the way, except in one round, when Billy scored a knockdown. A little later Papke fought Dave Smith again, and knocked him out.

1907—Honey Melody defeated Will Lewis in four rounds at Valley Falls, R. I.

1912—Jack Sullivan and Jim Flynn fought 10 rounds draw at Los Angeles.

1913—Adrian Dufoury defeated Willie Lewis in 29 rounds at Paris.
